Tile Fixing

Tile Adhesives

group code	product name	description	packaging	color	technical data sheet
------------	--------------	-------------	-----------	-------	----------------------

Standart Tile Adhesives

weberkol seraçim max	CIT class tile adhesive	kraft bag	25 kg 64 pcs./palette	grey	click for TDS
weberkol FERMAFIX	CITE class tile adhesive	kraft bag	25 kg 64 pcs./palette	grey white	click for TDS

Improved Tile Adhesives

weberkol serakol	Cement based tile adhesive mortar with improved water-resistance quality, reduced slip and extended open time (CITE class).	kraft bag	25 kg 64 pcs./palette	grey white	click for TDS
weberkol serakol konfor	Cement based dust free tile adhesive with reduced slip and extended open time (CITE class).	kraft bag	25 kg 64 pcs./palette	grey white	click for TDS

High Performance Tile Adhesives

weberkol flex porselen	High performance, cement based tile adhesive with reduced slip and extended open time for granite, porcelain ceramics and glazed porcelain (C2TE class).	kraft bag	25 kg 64 pcs./palette	grey white	click for TDS
weberkol flex granit	Cement based flexible tile adhesive with reduced slip, extended open time and improved with additional features (C2TES1 class).	kraft bag	25 kg 64 pcs./palette	grey white	click for TDS
weberkol flex extra	Polymer added, very flexible tile adhesive mortar with reduced slip, extended open time and improved with additional features (C2TES2 class).	kraft bag	25 kg 64 pcs./palette	grey white	click for TDS
weberkol flex extra konfor	Low dust polymer added, very flexible tile adhesive mortar with reduced slip, extended open time and improved with additional features (C2TES2 class).	kraft bag	25 kg 64 pcs./palette	grey white	click for TDS

High Performance Tile Adhesives For Special Purposes

weberkol rapid	Fast hardening cement based tile adhesive improved with additional features (C2F class).	kraft bag	25 kg 64 pcs./palette	grey	click for TDS
weberkol fix	Acrylic emulsion based, high performance, ready to use tile adhesive (D2T class).	plastic bucket	25 kg 5 kg	white	click for TDS

Joint Grouts (Tile Grouts)

group code	product name	description	packaging	color	technical data sheet
------------	--------------	-------------	-----------	-------	----------------------

Standart Joint Grouts For Tiling

weberjoint DÇM	Cement based grout mortar (CGI class).	kraft bag	20 kg 80 pcs./palette	white	click for TDS
				grey	

Improved Joint Grouts For Tiling

weberjoint DZR max	Cement-based colored joint grout mortar enhanced with special polymer additives, resistant to high abrasion, water repellent and improved application features (CG2 WA class).	kraft bag	20 kg 80 pcs./palette	white	click for TDS
				1. group	
				2. group	
			10 kg 2 pcs./box 48 pcs./palette	white	
				1. group	
				2. group	
weberjoint SiL	Cement based, silicone added, high performance colored joint grout mortar (CG2 WA class).	kraft bag	20 kg 80 pcs./palette	white	click for TDS
				1. group	
				2. group	
			10 kg 2 pcs./box 48 pcs./palette	white

				2. group	
			2 kg 12 pcs./box 32 pcs./palette	white	
				1. group	
				2. group	

Improved Joint Grouts For Tiling

weberjoint flex	Cement based, polymer added, flexible high performance, water repellent colored joint grout mortar resistant to fungus, mould, algae (CG2 WA class).	kraft bag	20 kg 80 pcs./palette	white	click for TDS
				1. group	
				2. group	
			10 kg 2 pcs./box 48 pcs./palette	white	
				grey	
weberjoint HR flex	Cement based, one-component, resistant to chemicals, fungus, mold and algae, flexible, high performance, joint grout mortar (CG2 WA class).	kraft bag	20 kg 80 pcs./palette	white	click for TDS
				colored	
			5 kg 5 pcs./box 32 box/palette	white	
weber EP 800	Solvent-free, epoxy-based, two-component, joint grout and tile adhesive resistant to chemicals (RG & R2T class).	plastic bucket	5 kg	white	click for TDS
				grey	
weber EP easy	Solvent-free, epoxy based, two-component, high performance, resistant to chemicals and bacterias tile joint grout and tile adhesive with improved application features (RG & R2T class).	plastic bucket	5 kg	white	click for TDS
			2,5 kg	colored	
				white

Tiling Others

group code	product name	description	packaging		technical data sheet
weberprim TG 5		Acrylic dispersion based, one component adherence primer.	plastic bucket	5 kg (4,2 l)	click for TDS
				1 kg (0,85 l) 5 pcs./box	
weberprim ADR		Acrylic dispersion based, one component adherence primer.	plastic bucket	3 kg (2 l)	click for TDS
weberprim art		Satin primer.	plastic bucket	15 l	click for TDS
				1 l	

Facade Applications

Facade Paints and Coatings

product name	description	packaging	technical data sheet
--------------	-------------	-----------	----------------------

Polymeric Decorative Renders

webertex UV flex	Pure acrylic based, high UV resistant, crack bridging, fine textured, super elastic, semi-gloss façade coating.	plastic bucket	15 l	click for TDS
webertex RLX sil	Acrylic emulsion-based, silicone added, thin-textured facade coating	plastic bucket	25 kg	click for TDS
webertex GRN sil	Acrylic emulsion -based, silicone added, grained facade coating.	plastic bucket	25 kg	click for TDS
webertex plast sil	Acrylic emulsion-based, silicone added, ready to use colored plaster.	plastic bucket	25 kg	click for TDS
webertex beton design	Acrylic based, concrete textured, ready to use coloured coating for interior and exterior use.	plastic bucket	15 kg	click for TDS

Decorative mineral renders

webermin 150	Cement-based, fiber reinforced, 1,5 mm application thickness, medium-textured, decorative coating.	kraft bag	25 kg 64 pcs./palette	click for TDS
webermin 200	Cement-based, fiber reinforced, 2 mm application thickness, decorative coating.	kraft bag	25 kg 64 pcs./palette	click for TDS
webermin 220	Cement-based, fiber reinforced, 2 mm application thickness, decorative coating.	kraft bag	25 kg 64 pcs./palette	click for TDS
webermin LN	Cement-based, line textured, linear- patterned, 3 mm application thickness, decorative coating.	kraft bag	25 kg 64 pcs./palette	click for TDS
webermin SP	Cement-based, line textured, circular- patterned, 3,5 mm application thickness, decorative coating.	kraft bag	25 kg 64 pcs./palette	click for TDS
webermin deko	Cement-based, fiber reinforced, 2 mm application thickness, decorative coating.	kraft bag	25 kg 64 pcs./palette	click for TDS
webermin deko optima	Cement-based, fiber reinforced, 1,5 mm application thickness, medium-textured, decorative coating	kraft bag	25 kg 64 pcs./palette	click for TDS
webermin p 1,5	Cement-based, polymer modified, 1,5 mm textured decorative façade coating.	kraft bag	25 kg 64 pcs./palette	click for TDS
webermin p 2,0	Cement-based, polymer modified, 2,0 mm textured decorative façade coating.	kraft bag	25 kg 64 pcs./palette	click for TDS

Facade paints & primers

webertex UV star	Pure acrylic based, high UV resistant, semi-gloss facade paint.	plastic bucket	7,5 l 15 l	click for TDS
webertex UV matt	Pure acrylic based, high UV resistant, matt façade paint.	plastic bucket	15 l	click for TDS
weber SL Hydron	Silico-silicate based, highly stain resistant, matt facade paint.	plastic bucket	15 l	click for TDS
webertex SiL	Acrylic emulsion-based, silicone added, matt facade paint.	plastic bucket	15 l	click for TDS
webertex MULTICOLOR	Acrylic emulsion-based, silicone added, matt facade paint.	plastic bucket	7,5 l 15 l	click for TDS
webertex organic paste	Acrylic-based, ready-to-use, smoothing paste for facade	plastic bucket	25 kg	click for TDS
webertex wood star	Wood textured, pure acrylic based, high UV resistant, decorative paint.	plastic bucket	3 l 0,55 l	click for TDS
webertex p-color	Acrylic emulsion-based, silicone added, matt façade paint.	bag	15 L	click for TDS
weberprim UV	Acrylic emulsion based, UV resistant, facade primer with fillings.	plastic bucket	15 l	click for TDS
weberprim C 100	Acrylic emulsion-based, facade primer with fillings	plastic bucket	7,5 l 15 l	click for TDS
weberprim C 300	Silane / siloxane emulsion based, ready-to-use exterior primer that allows to strengthen and prepare old surfaces.	plastic bucket	15 l	click for TDS

External Wall Insulation Products and Systems

product name	description	packaging	technical data sheet
--------------	-------------	-----------	----------------------

ETICS Adhesive Mortars & Basecoat Renders

webertherm YP	Cement-based, polymer modified adhesive mortar for thermal insulation board.	kraft bag	25 kg 64 pcs./palette	click for TDS
webertherm SV	Cement-based, polymer modified render for thermal insulation board.	kraft bag	25 kg 64 pcs./palette	click for TDS
webertherm A1 plus	Cement-based, polymer modified adhesive mortar for thermal insulation systems.	kraft bag	25 kg 64 pcs./palette	click for TDS
webertherm B1 plus	Cement-based, polymer modified render for thermal insulation systems.	kraft bag	25 kg 64 pcs./palette	click for TDS
webertherm B-Flex	Cement based, fiber added, high performance, elastic render for gypsum based exterior boards strengthened with fibers developed especially for exterior use.	kraft bag	25 kg 64 pcs./palette	click for TDS
webertherm prime fix	Cement-based, polymer modified adhesive mortar for thermal insulation systems.	kraft bag	25 kg 64 pcs./palette	click for TDS
webertherm prime plast	Cement-based, polymer modified render for thermal insulation systems.	kraft bag	25 kg 64 pcs./palette	click for TDS

Acrylic Based ETICS Adhesive & Render

webertherm flex	Organic polymer-based thermal insulation panel adhesive and render.	plastic bucket	25 kg	click for TDS
------------------------	---	----------------	-------	-------------------------------

Internal Wall Paints

product name	description	packaging		technical data sheet
weberart soft mat	Acrylic emulsion based, high performance, silicone added, fully cleanability, silk matte interior paint.	plastic bucket	15 l	click for TDS
weberart matt	Acrylic emulsion based, high performance, cleanability, matt interior paint.	plastic bucket	12 l	click for TDS
weberart sil	Acrylic emulsion based, silicone added, slightly cleanability, matt interior paint.	plastic bucket	10 kg	click for TDS
			20 kg	
weberart tavan	Acrylic, based, interior ceiling paint.	plastic bucket	3,5 kg	click for TDS
			10 kg	
			17,5 kg	
weberart tavan optima	Acrylic, based, interior ceiling paint.	plastic bucket	3,5 kg	click for TDS
			10 kg	
			17,5 kg	
weberprim art	Used as a primer under the synthetic and waterbased paints in interior walls of surfaces especially on high absorbing and high porosity substrates to increase adherence and reduce final coat paint consumption. • Before tile fixing applications; used as a primer on high-absorbing surfaces to provide water and damp impermeability and to increase adherence. • It is applied as transition primer, especially if ceramic applications will be made on gypsum surfaces.	plastic bucket	1 l	click for TDS
			15 l	
weberprim 7X	Acrylic copolymer emulsion based, concentrated, transparent primer used to improve adherence and prevent dusting for interior and exterior substrates.	plastic can	2,5 l	click for TDS
			15 l	

Technical Applications

Waterproofing

product name	description	packaging	color	technical data sheet
--------------	-------------	-----------	-------	----------------------

Cement based waterproofing products

weberdry SS-7 easy	Polymer emulsion modified cement-based, two component, CMP class, semi-flexible waterproofing slurry.	kraft bag & plastic can	set (20+6 kg)	grey	click for TDS
weberdry SS-8 extra	Polymer emulsion modified cement-based, two component, full flexible, CMOIP class waterproofing slurry.	kraft bag & plastic can	set (25+10 kg)	grey	click for TDS
weberdry SS-10	Polymer emulsion modified cement-based, two component, full flexible, CMO2P class waterproofing slurry.	kraft bag & plastic can	set (20+10 kg)	grey	click for TDS
weberdry UV coat	Polymer emulsion modified, cement based, two component, full flexible waterproofing slurry with improved resistance to UV and light pedestrian traffic.	kraft bag & plastic can	set (20+10 kg) 500 kg/pallet	white	click for TDS
weberdry Ultraflex T25	Waterproofing slurry for applications requiring high performance and resistance to positive and negative water pressure.	kraft bag & plastic can	set (15+15 kg) 360 kg/pallet	grey	click for TDS
webertec Superflex D 2	Polymer emulsion modified, cement-based, twocomponent, highly flexible, UV resistant, weather independently fast setting waterproofing slurry, applicable against positive and negative water pressure.	plastic bucket	set (12+12 kg) 260 kg/pallet	grey	click for TDS
		kraft bag & plastic can	set (15+15 kg)	grey	
weberdry DS	Cement based, single component, crystallized waterproofing slurry resistant to negative and positive water pressure, transferrable to capillary gaps of cement based substrates.	kraft bag	25 kg 1.600 kg/pallet	grey	click for TDS
weberdry 2K CRS	Polymer emulsion modified, cement based, dual component, crystallized waterproofing slurry resistant to negative and positive water pressure, sulphate, chlorine and chemicals.	kraft bag & plastic can	set (25+12 kg)	grey	click for TDS
weberdry rapid stop	Cement based, chloride-free plugging mortar with very fast setting feature.	plastic bucket	20 kg	grey	click for TDS
			5 kg		

Waterproofing

product name	description	packaging	color	technical data sheet
--------------	-------------	-----------	-------	----------------------

Elastomeric resin based waterproofing products

weberdry SS-5	Elastomeric resin based, ready to use, UV resistant, DMP class, super-flexible waterproofing material.	plastic bucket	20 kg	white	click for TDS
			10 kg	grey	
			3 kg		
weberdry FDF plus	Elastomeric resin based, ready to use, UV resistant, DMOIP class, super-flexible waterproofing material.	plastic bucket	20 kg 600 kg/pallet	white	click for TDS
				grey	
				scarlet	
				green	
			5 kg 500 kg/palet	white	
				grey	

Bitumen based waterproofing products

weberdry bitüm 1K	Polymer-bitumen modified, water based, single component waterproofing material.	plastic bucket	20 kg	black	click for TDS
weberdry 706 plus	Polymer-bitumen modified, two-component, highly flexible, solvent-free waterproofing material.	plastic combi bucket	32 kg 576 kg/pallet	black	click for TDS
weberdry 906	Polymer-bitumen modified, two-component, highly flexible, solvent-free waterproofing material.	plastic combi bucket	32 kg 576 kg/pallet	black	click for TDS
webertec 905	Bitumen based, UV resistant, fiber reinforced, solvent containing, liquid waterproofing material.	metal bucket	33 l 20 pcs/pallet	black	click for TDS

Polyurethane based waterproofing products

weberdry PUR seal	Polyurethan based, single component, UV resistant, super-flexible waterproofing product.	metal bucket	25 kg 900 kg/palette	white	click for TDS
				grey	
weberdry PUR coat	Aliphatic polyurethane based, single component, ready-to-use, UV resistant, pedestrian traffic resistant, super flexible, decorative top coating and protection product.	metal bucket	10 kg	white	click for TDS
weberdry PUR B2K	Bitumen-polyurethane based, double component, fastcuring, super-flexible waterproofing product.	metal bucket	set (20+20 l) 720 l/palette	black	click for TDS
weberdry PUR seal 2K	Polyurethane based, dual component, solvent-free, hard flexible waterproofing product.	metal bucket	set (15+2,5 kg)	white	click for TDS
weberdry PUR basic	Polyurethane based, single component, UV resistant, super-flexible waterproofing product.	metal bucket	25 kg	white	click for TDS
				grey	
weberdry PUR bitumen	Bitumen-polyurethane based, single-component flexible waterproofing product.	metal bucket	25 kg	black	click for TDS
weberdry PUR trans	Polyurethane based, UV resistant, transparent waterproofing product.	metal bucket	5 kg	transparent	click for TDS
weberdry PUR finish	Transparent polyurethane satin-matte finishing coating.	metal bucket	1 kg	transparent	click for TDS
weberprim PUR tile	Adhesion promoter primer for glass and glazed surfaces.	metal bucket	1 kg	transparent	click for TDS

Waterproofing

product name	description	packaging	color	technical data sheet
--------------	-------------	-----------	-------	----------------------

Polyurea based waterproofing products

weberdry rapidcoat 500 P	Two component, solvent and VOC free, elastic, very fast curing pure polyurea membrane applied by high-pressure bi-mixer type heated pumps.	barrel	set (225+200 kg)	grey	click for TDS
weberdry rapidcoat 250 H	Two component, solvent and VOC free, elastic, very fast curing hybrid polyurea membrane applied by high-pressure bi-mixer type heated pumps.	barrel	set (225+200 kg)	grey	click for TDS

Primers

weberprim max	Ready to use, high adherence primer with alkali resistance and excellent binding features for using on high absorbent and dusting substrates.	plastic can	20 kg	light blue	click for TDS
weberprim EP 2K	Water based, transparent, rigid, double component epoxy primer.	metal bucket	set (15+5 kg)	transparent	click for TDS
weberprim 500 P	Epoxy based, two component, low viscosity, solvent-free, pure, transparent, deep penetrating substrate preparation primer.	metal bucket	set (10+5 kg)	transparent	click for TDS
weberprim 500 F	Epoxy based, two component, low viscosity, solvent-free, filler added, deep penetrating substrate preparation primer.	metal bucket	set (15+5 kg)	transparent	click for TDS
weberprim 500 HBF	Epoxy based, two component, low viscosity, solvent-free, humid-tolerant substrate preparation primer.	metal bucket	set (15+5 kg)	transparent	click for TDS

Complementary products

weber emprenye	Silico-silicate based, transparent water repellent material bringing water repellency feature on impregnated substrates.	IBC plastic bucket	1000 l 20 l 5 l	transparent	click for TDS
weber swell tape	Thermoplastic elastomer based sealing tape swells upon contact with water (5x20 mm)	box	40 m	red	click for TDS
webersuperflexA200/A300	100% thermoplastic elastomer based, high performance waterproofing tape, specially for use on exterior movable joints subject to strong forces, wall and floor corners.	roll	20 m	grey	click for TDS
weber köşebant 100 / 120	Synthetic rubber based, polyester felt backed waterproofing tape for moving joints, wall and floor corners in wet areas.	roll	50 m 10 m	grey	click for TDS
weber geokeçe	Waterproofing fleece made of non-woven polyester fibers, improves durability of the waterproofing layer.	roll	150 m ²	white	click for TDS

Repair, Leveling

product name	description	packaging	color	technical data sheet
--------------	-------------	-----------	-------	----------------------

Concrete Repair, Smoothing, Paste and Anchorage Products

webertec R	1-5 mm applicable, cement based, polymer modified, thin, concrete leveling mortar.	kraft bag	25 kg 1.600 kg/palette	grey	click for TDS
webertec RK	5-20 mm applicable, cement based, polymer modified, thick, concrete leveling mortar.	kraft bag	25 kg 1.600 kg/palette	grey	click for TDS
webertec dolgu	1-10 mm applicable, cement and powder polymer based, thick filler mortar.	kraft bag	25 kg 1.600 kg/palette	grey	click for TDS
				white	
webertec saten	1-3 mm applicable, white cement and powder polymer based, thin satin paste.	kraft bag	20 kg 1.600 kg/palette	white	click for TDS
webertec RM	Acrylic-based, mineral added, flexible smoothing paste designed for working with cement or gypsum.	plastic bucket	25 kg 1.600 kg/palette	white	click for TDS
webertec RM1	1-5 mm applicable, high-performance, thin repair and leveling mortar for concrete (R2 class).	kraft bag	25 kg 1.600 kg/palette	grey	click for TDS
webertec RM2	5-20 mm applicable, high-performance, thick repair and leveling mortar for concrete (R2 class).	kraft bag	25 kg 1.600 kg/palette	grey	click for TDS
weberrep M352	Cement based, highly resistant, fibre added, thin and thick applicable structural repair mortar (R3 class).	kraft bag	25 kg 1.600 kg/palette	grey	click for TDS
weberrep MA 200	5-40 mm applicable, cement based, high resistant, structural repair mortar (R3 class).	kraft bag	25 kg 1.600 kg/palette	grey	click for TDS
weberrep HKS	5-40 mm applicable, cement based, high resistant, sulphate and chlorine resistant, fast setting structural repair mortar (R4 class).	kraft bag	25 kg 1.600 kg/palette	grey	click for TDS
weberrep AD	Cement based, high performance, polymer modified anti-corrosive and bonding coating and primer	kraft bag	25 kg 1.600 kg/palette	grey	click for TDS
weber ankraj PE	Polyester based, two components, fast setting anchorage and fitting material.	cartridge	300 ml 12 pcs/box	grey	click for TDS
weber ankraj EA	Epoxy acrylate two-component, quick setting, thioxotropic anchorage and fitting material.	cartridge	300 ml 12 pcs/box	light grey	click for TDS
weber EP bond	Two component, solvent free epoxy resin based repair, anchorage and fitting mortar.	metal combi bucket	5 kg	light grey	click for TDS

Repair, Leveling

product name	description	packaging	color	technical data sheet
--------------	-------------	-----------	-------	----------------------

Grouting and Floor Repair Products

weberep grout	Cement based, high performance, high fluid, non- shrinking, and climates features resistant grout mortar.	kraft bag	25 kg 1600 kg/palette	grey	click for TDS
weberep grout rapid	Cement based, rapid setting, high fluid, non- shrinking, climates features resistant grout mortar.	kraft bag	25 kg 1600 kg/palette	grey	click for TDS
weberep EP grout	Epoxy based, 3 component, self levelling high adherent, flexural and compressive strength grout mortar.	plastic bucket	set (2 kg+1 kg+12,5 kg)	beige	click for TDS
webertec 793	Two component, solvent free, transparent epoxy resin with perfect adherence on concrete, screed and iron bar with high compressive and flexural strength values.	combi metal bucket	8 kg 640 kg/palet	transparent	click for TDS
webertec 793 3K	Solvent free, three-component epoxy based repair mortar webertec 793 3K adheres concrete, screed and iron bar perfectly and has high compressive, flexural and adherence values. It is resistant against thermal affects and abrasion.	combi metal bucket + plastic bucket	set (8 kg+32 kg)	beige	click for TDS

Jobsite Products

product name	description	packaging	color	technical data sheet
--------------	-------------	-----------	-------	----------------------

Sealants and foams

weber akrilik	Acrylic based, single component filling sealant.	cartridge	500 g 24 pcs/box	white	click for TDS
				grey	
weber silikonize akrilik	Silicone added, acrylic based, single component filling sealant.	cartridge	500 g 24 pcs/box	white	click for TDS
				grey	
weber silikon optima	General purpose silicone.	cartridge	280 g 24 pcs/box	transparent	click for TDS
				white	
weber silikon	General purpose, mould resistant silicone.	cartridge	280 ml 24 pcs/box	transparent	click for TDS
				white	
weber silikon banyo	Silicone for bathrooms and shower screens.	cartridge	280 ml 24 pcs/box	transparent	click for TDS
				white	
weber silikon nötr	Alcoxy based neutral silicone.	cartridge	280 ml 24 pcs/box	transparent	click for TDS
				white	
weber PU 2A	Polyurethane based, single component, UV resistant, low module joint sealant suitable for use sealing and bonding applications.	cartridge	280 ml 24 pcs/box	white	click for TDS
				grey	
				black	
		sausage	600 ml 20 pcs/box	roof red	
				beige	
				anthracite	
weber HP 3A	Hybrid polymer based, UV resistant, solvent-free, odorless, highly flexible with bonding feature, single component sealant.	sausage	600 ml 20 pcs/box	white	click for TDS
				grey	
weber foam	Polyurethane based, single component, moisture cured, multipurpose filling and insulation foam.	aerosol	600 g 16 pcs/box	yellow	click for TDS
			840 g 16 pcs/box		
weber foam FR	Polyurethane based, single component, fire resistant filling and insulation foam.	aerosol	840 g 16 pcs/box	orange	click for TDS
weber foam fix-gun type	Polyurethane based, single component, moisture cured, foam used for fixing heat insulation boards and other light decorative elements.	aerosol	900 g 16 pcs/box	light pink	click for TDS

Jobsite Products

product name	description	packaging	color	technical data sheet
--------------	-------------	-----------	-------	----------------------

Cold applied sealants

weber PU flow 110	Polyurethane based, cold applied, self-levelling type sealant for horizontal joints.	metal bucket	set 12,5 kg	black	click for TDS
weber PU flow 111	Polyurethane based, cold applied, non-sagging type sealant for vertical joints.	metal bucket	set 12,5 kg	black	click for TDS
weberprim PU	Silane based, single component substrate conditioner primer for general purpose.	metal bucket	set 2,5 kg	transparent	click for TDS
weber PS flow 210	Polysulfide based, cold applied, self-levelling type sealant for horizontal joints.	metal bucket	set 12,5 kg	grey	click for TDS
weber PS flow 211	Polysulfide based, cold applied, non-sagging type sealant for vertical joints.	metal bucket	set 12,5 kg	grey	click for TDS
weberprim PS	Silane based, single component substrate conditioner primer for polysulfide joint sealants.	metal bucket	set 2,5 kg	transparent	click for TDS

Jobsite Products

product name	description	packaging	color	technical data sheet
--------------	-------------	-----------	-------	----------------------

Jobsite Products

weber easy work	Air entrainer and plasticiser mortar additive that improves workability of renders, screeds and similar mortars, ready to use in construction sites.	IBC	1.000 ml	brown	click for TDS
		plastic can	20 l 24 pcs/palette		
weber 20 extra	Water impermeable mortar additive that improves workability, resistance, application of renders, screeds and similar mortars that are ready to use in construction sites.	IBC	1.000 l	white	click for TDS
		plastic can	20 l 24 pcs/palette		
			5 l 80 pcs/palette		
weber latex	Special additive used to increase the adherence, water impermeability and flexibility of mortar and render	IBC	1.000 kg (1.000 l)	white	click for TDS
		plastic can	20 kg (20 l)		
			5 kg (5 l)		
weber antifreeze	Special additive without chloride, used for mortar and concrete production against cold and frost risk.	IBC	1.000 kg (980 l)	transparent	click for TDS
		plastic can	20 kg (19.60 l) 480 kg/palette		
weber kür A	weber kür A prevents fast evaporation of water mixture and so minimizes the risk of crack formation on the surface via forming a guarding water vapor impermeable film on the substrates during the concrete, screed and surface hardeners applications.	IBC	1.000 kg (1.000 l)	white	click for TDS
		plastic can	20 kg (20 l) 480 kg/palette		
webertec S130	Resin based, ready to use, liquid material increasing the surface strength of fresh and old concrete, cementitious screed, surface hardeners and plasters.	plastic can	20 l 24 pcs/palette	white	click for TDS
weberprim BT-MAX	Polymer emulsion based concrete primer.	plastic bucket	25 kg / 750 kg palette	turquoise	click for TDS
			12 kg / 360 kg palette		

Flooring

Flooring Coatings and Screeds

product name	description	packaging	color	technical data sheet
--------------	-------------	-----------	-------	----------------------

Self-levelling Screeds

weberfloor LVL 05 smart	Cement based, self-levelling screed with 1-5 mm of application range.	kraft bag	25 kg 64 pcs./pallet	grey	click for TDS
weberfloor LVL 10 premium	Cement based, self-levelling screed with 1-10 mm of application range.	kraft bag	25 kg 64 pcs./pallet	grey	click for TDS
